# Typa Girl

by Luisa Broda

**Artist:** Blackpink

**Song title:** Typa Girl

**Musical style:** K-Pop, Electronic

**My favourite verse:** *"Didn't know that you were cold 'til you felt my fire  
Heaven's gate just opened up, hearing choirs  
If you say something else, you're a liar"*

I have chosen this song because it is a song by my favourite girl group *Blackpink*. They are a very successful band from South Korea and they have been making music for six years now.

"Typa Girl" was released in September 2022 and is about different kinds of girls. I think the message of the song is that you are okay the way you are.

I really like the catchy tune, the strong bass and the brilliant vocals, but what I like best is the rap parts in the song. I think all the singers have very beautiful voices.

The band consists of four members: Jisoo, Jennie, Rose, and Lisa. They debuted on 8 August 2016 with a song called "Boombaya". Their new album is called "Born Pink" and it also includes the song "Typa Girl". In my opinion, *Blackpink* are a great band and all their songs are fantastic.

# Snap

by Zührenaz Emrebas

**Artist:** Rosa Linn

**Song title:** Snap

**Musical style:** Pop

**My favourite verse:** *"Snapping one, two, where are you?*

*You're still in my heart*

*Snapping three, four, don't need you here anymore*

*Get out of my heart 'cause I might snap"*

"Snap" is a pop song by Armenian singer Rosa Linn, released on 19 March 2022. The song was written and composed by Linn, with Larzz Principato, Courtney Harrell, Allie Crystal and Tamar Kaprelian. The song represented Armenia in the 2022 Eurovision

Song Contest in Turin, Italy. Rosa Linn started playing the piano at the age of 6, and she is currently 21 years old.

With "Snap" she shows a very personal side of herself. Her relationship has ended, and she doesn't know how to deal with it. Even writing countless songs about it doesn't help. She just wants her ex to finally disappear from her heart so she can go on with her life.

This song reached the top of the charts in the Flanders region of Belgium, the top ten in Austria, Netherlands, Ireland, Norway, Sweden and Switzerland.

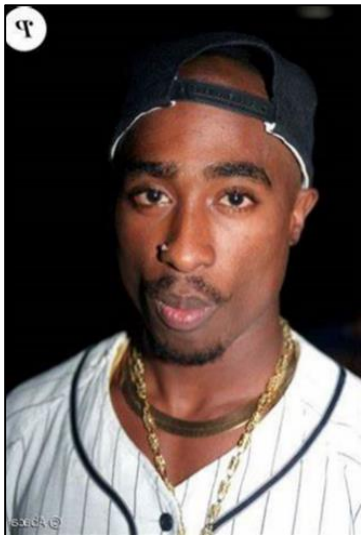

I have chosen this song because I like to listen to songs in English and this is one of my favourites. What I am most interested in is the catchy tune. I like "Snap" because the singer has got a good voice, and the best thing about the song is the sensational melody.

# California Love

by Max Ernst

**Artist:** 2Pac  
**Song title:** California Love  
**Musical style:** Hip-hop  
**My favourite verse:** *"Now let me welcome everybody to the Wild Wild West  
A state that's untouchable like Eliot Ness  
The track hits your eardrum like a slug to your west"*

As the title suggests, the song is about California, a state on the west coast of the United States. 2Pac tells us about different places in America, and he wants to show us how great California is. I think the message of the song is that he loves his home country and is proud of it.

The song reminds me of a basketball team in California. They're called *LA Lakers*.

I really fancy this song because I like the melody and the artist's voice. What I like best are the lyrics and the great tune.

I have chosen "California Love" because it's my favourite song and it has got everything a good song needs: a catchy tune, a good beat and great rhythm. I also like the artist very much. 2Pac hasn't got an extraordinary voice, but it perfectly matches the overall style of the song.

I really love the way 2Pac sings, but that's not the best thing about this song. What I like most is that it reflects the feelings of the artist.

"California Love" means so much to me because I think 2Pac was an inspiring artist, and I was very sad when I heard that he had died.

# Drivers license

by Ilia Flautner

**Artist:** Olivia Rodrigo  
**Song title:** Drivers license  
**Musical style:** Pop  
**My favourite verse:** *"I know we weren't perfect  
But I've never felt this way for no one"*

I have chosen this song because it is a song by my favourite artist Olivia Rodrigo. The song was released in 2021. "Drivers license" is about love and loneliness, that's why it's very sad. It says that you have to be strong and that life goes on even when you've lost somebody.

Olivia Rodrigo's voice is sensational, as she sings with a lot of emotion. I adore the way she sings. The singer is a famous artist and actress. She became popular because of her performance in the Disney Channel series "Bizaardvark" and "High School Musical". She won a Grammy Award and many more awards.

What I like best about the song is the lyrics because they are really beautiful, but also a bit sad, I think. Another reason why I love this song is that the main character in my favourite series performs the song as a birthday surprise. Since then, I've been listening to the song again and again.

# Enemy

by Laura Gahleitner

**Artist:** Imagine Dragons

**Song title:** Enemy

**Musical style:** Pop rock

**My favourite verse:** *"Oh, the misery  
Everybody wants to be my enemy  
Spare the sympathy  
Everybody wants to be my enemy  
But I'm ready"*

Here are some facts about my favourite song "Enemy". I have chosen this song because it has a bass that rocks.

"Enemy" is a very popular song by the American pop rock band *Imagine Dragons* and the American rapper *JID*. It was

released on 28 October 2021 from the soundtrack of the streaming television series *Arcane*.

My favourite verse of the song is the chorus, which you can find above. Unfortunately, I couldn't find out anything about the meaning of the song. But to be honest, the lyrics of a song aren't that important for me anyway. The bass is the most important thing for me in a song.

I really love the band *Imagine Dragons*. They are my favourite artists. I would recommend you to listen to some of their songs. "Enemy" is my favourite song, but I think almost every song by *Imagine Dragons* is amazing.

# Demons

by Balduin Grill

**Artist:** Imagine Dragons

**Song title:** Demons

**Musical style:** Pop

**My favourite verse:** *"I wanna hide the truth  
I wanna shelter you  
But with the beast inside  
There's nowhere we can hide"*

I have chosen this song because I really like the band *Imagine Dragons*, and this is my favourite song by the band. It is about the bad side in humans. I think the message of the song is that we should focus on the good things in life and not insist on the bad.

I love this song because I listened to it every day when I was on holiday in Croatia, and now I listen to it every time my mum takes me with her in her car.

I think the singer of *Imagine Dragons* has a sensational voice, and he sings with a lot of emotion. The lyrics of the song are thoughtful and meaningful. The band has made many other songs and each of them is great, for example "Believer", "Enemy", "Bad Liar", or "Thunder". If you ask me, "Demons" is the best song of all, but it's also the shortest – only 2:55 minutes!

There's another, faster version of this song, it's a cover version by Alex da Kid. He turned it into a rock song, but I prefer the original version. "Demons" is a brilliant pop song because it has a great beat.

# Shivers

by Anja Jungwirth

**Artist:** Ed Sheeran

**Song title:** Shivers

**Musical style:** Pop

**My favourite verse:** *"Ooh, I love it when you do it like that  
And when you're close up  
Give me the shivers"*

I have chosen the song "Shivers" because I really like it. I usually listen to it when I go running because in my opinion, the song is very motivating.

"Shivers" is a song by Ed Sheeran, released on 10 September 2021. Ed Sheeran wrote many songs, his most popular songs are "Shape Of You", "Perfect", and "Shivers".

If you ask me, Ed Sheeran has got a good voice, his vocals are brilliant, and I like the way he sings. The artist sings with a lot of emotion, and I think the song has got a catchy tune. The lyrics deal with the topic of love. Ed Sheeran tells us about his love and his feelings of happiness. He seems to see life through rose-tinted glasses.

What I like best is that the song is a mixture of different styles. "Shivers" is sometimes loud and fast, but there are also slow and quiet parts in it. I think it is a great mix, and I find it sensational to put all the styles into one single song.

# perfect

by Jana Kolacek

**Artist:** Ed Sheeran  
**Song title:** Perfect  
**Musical style:** Pop  
**My favourite verse:** *"Baby, I'm dancing in the dark  
You between my arms"*

I have chosen "Perfect" for our class project because it's my favourite song by my favourite artist. I think Ed Sheeran wrote this song about his love. He wanted to show his girlfriend how much he liked her. In this song Ed Sheeran has got a very soft and beautiful voice and he sings with a lot of emotion. I really like that.

I quite fancy this song and when I hear it, I must sing along. It has got a catchy tune which is very hard to get out of my head. When my sister and I hear the song we immediately start to sing along.

We like each of Ed Sheeran's songs, but the best and most famous one is "Perfect".

Last year I went to a concert by Ed Sheeran and when he sang "Perfect" it was so beautiful because a lot of people turned on their mobile phones as torches and so many people joined in singing. In my opinion, Ed Sheeran is a brilliant artist, and he has reached a lot in his life.

# I Want It That Way

by Josefine Leitner

**Artist:** Backstreet Boys  
**Song title:** I Want It That Way  
**Musical style:** Soul pop  
**My favourite verse:** *"Ain't nothing but a heartache  
Tell me why  
Ain't nothing but a mistake  
Tell me why  
I never wanna hear you say  
I Want it that way"*

I have chosen this song because I really like most songs by the Backstreet Boys. The band consists of Nick Carter, Kevin Richardson, AJ McLean, Brian Littrell and Howie Dorough. I think they all have beautiful voices and I love the way they sing.

"I Want It That Way" was written by Max Martin and Andreas Carlsson and produced by Martin and Kristian Lundin. It is about two people whose relationship can't work because they are both too selfish. The song has got a catchy tune, but what I like best about it is the rhythm.

My friend Laura and I often listen to their songs together because she also thinks the singers have a great voice and have made a lot of fantastic songs. Laura also likes the band very much. "I Want It That Way" is a pop song from 1999, but it is still a very popular song, in my opinion.

# Come Together

by Karla Mannsberger

**Artist:** The Beatles  
**Song title:** Come Together  
**Musical style:** Bluesrock  
**My favourite verse:** *"Come together, right now, over me  
Come together, yeah"*

I have chosen this song because I really like The Beatles, and I think that this is their best song. It has got a catchy tune and it is characterised by a good beat. That's why I quite fancy this song.

I also think that the singer has got a strong and sensational voice. I love the way John Lennon sings because he sings with a lot of emotion. And what I like best is the chorus because it has a catchy tune and I love that. When I heard this song for the first time I didn't really fancy it, but a few months later, I heard the song again and suddenly I loved it!

I like many songs by The Beatles, but I think this is their coolest song. It deals with the topic of politics and became the subject of a court case. The singer wants to tell us something about that court case.

This song means so much to me because I always listen to it when I feel bored or when I am doing my homework.

# Double Knot

by Letizia Matzinger

**Artist:** Stray Kids  
**Song title:** Double Knot  
**Musical style:** K-Pop, Pop  
**My favourite verse:** *"Tight tight go brace yourself  
I tighten my double knot"*

I really like the song "Double Knot" and its meaningful lyrics. The song is a track of Stray Kids' EP *Clé: Levanter*, and all songs of this album, especially the title track "Levanter", are telling a

story. "Clé" is French and means "key". Stray Kids are searching for the key for their future. They were trapped in a relationship, and after breaking up, they are finding their future as adults, and no more as teenagers. In "Double Knot", they say that they will run to their dreams, and tie their shoes into a double knot to be able to run even longer.

The song was released in 2019 and at that time, some of the members were in their teens, so they wrote the song based on their experiences as teens. In addition to the thoughtful lyrics, the song is very catchy and has an addictive melody, and a strong rhythm. It also contains some elements of electronic dance music, which I really like. The singers' voices are really strong and sexy in the song. They sing and rap with a lot of emotion. I liked the lyrics the best, because I'm really interested in good lyrics, so meaningful lyrics are precious to me. It's also a good song to sing along to and dance to because the song has an official choreography, and it's made to dance along to.

# atlantis

by Ilvie Müller

**Artist:** Seafret

**Song title:** Atlantis

**Musical style:** Indie rock

**My favourite verse:** *"Oh, no, oh, no I can't save us my Atlantis we fall  
We built this town on shaky ground ... I can't save us  
my Atlantis oh, no, we built it up to pull it down"*

I have chosen this song because it's a beautiful and very nice song. It is about love and the lyrics say that you have to bear hard times in your life.

"Atlantis" has got a perfect beat and superb vocals. The song is actually a bit sad, but when I am listening to it it makes me happy. I like the words and the way the duo makes their fantastic music. One of them plays the guitar and

the other one sings with a strong and beautiful voice. What I like best are the wonderful melody and the regular rhythm.

The song reminds me of happy and good days in my life. The lyrics are thought-provoking and meaningful. I also really like the song because the text is easy to understand. "Atlantis" is not a loud and cheerful song, it is rather soulful and slow, but it has strong vocals.

I hope you know more about my favourite song now, and perhaps you like it as much as I do.

# Teenage Dream

by Tobias Pflügler

**Artist:** Stephen Dawes

**Song title:** Teenage Dream

**Musical style:** Pop

**My favourite verse:** *"You and I will be young forever  
'Cause you make me feel like I'm living a teenage  
dream"*

I have chosen this song because I listen to it every day before I go to bed. I quite fancy this song because it has got a catchy tune. It is characterised by a guitarist that makes a good beat.

The singer has got a calming and beautiful voice. The vocals are excellent. I really love the way

Stephen Dawes sings. In my opinion, he sings fantastically, and he also sings with a lot of emotion. What I like best is the calming melody and the excellent voice of the artist. Actually, I like all songs by Stephen Dawes, but "Teenage Dream" is my favourite one. If you ask me, it has the best beat and the catchiest tune.

The song deals with the topic of love and friendship. The singer tells us about love between a man and a woman. The lyrics are meaningful, but in fact, I like the song because of the nice melody and the brilliant vocals. The song reminds me of last summer, because I always sang along to it with my friend.

# godzilla

by Leon Pichler

**Artist:** Eminem feat. Juice Wrld

**Song title:** Godzilla

**Musical style:** Hip-hop

**My favourite verse:** *"What goes around, comes around just like the blades on a chainsaw  
'Cause I caught the flaps of my dollar stack  
Right off the bat like a baseball, like kid Ink [...]  
I'm Atilla, kill or be killed, I'm a killer BEE"*

One of my favourite songs is "Godzilla" by Eminem feat. Juice Wrld. I like the song because of the meaningful lyrics and the good beat. The artists have got very good voices and they can rap very fast.

I have chosen the song because it reminds me of Juice Wrld's death in 2019. When I hear that song, I often sing along because I quite like its catchy tune. I also listen to the song when I'm bored or sad because it has good vibes and puts me in a good mood.

In the song, Eminem and Juice Wrld are doing a rap battle to test their talents. Juice Wrld sings the chorus and Eminem does the rapping parts in between. He has a good sense of rhythm and raps very smoothly. It is awesome that he can do 224 words in 30 seconds. With this song, he has set a new record, topping the song "Rap God".

# Feels

by Sarah Pötscher

**Artist:** Calvin Harris and Katy Perry

**Song title:** Feels

**Musical style:** Pop

**My favourite verse:** *"Now nothing ever last forever, no  
One minute you're here and the next you're gone"*

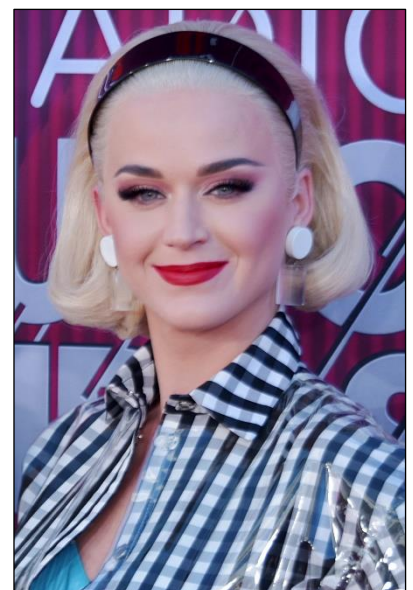

I have chosen this song because it always motivates me. No matter whether I'm sad or depressed, this song always cheers me up.

The musical style of the song is pop, I guess, at least it sounds like it. I'm actually not a fan of pop music because I prefer rock and heavy metal, but this song is different. It's like magic – whenever I hear this song, I am way more motivated to do something.

The song is not the most recent, it was released in 2017, so it was already on the radio when I was a baby. In the lyrics Calvin Harris and Katy Perry want to tell us that when you're in love with someone you shouldn't hold it back but confess your feelings to the person.

The song means a lot to me. I don't really know why, but that doesn't matter. I think the artists have lovely singing voices, and I'm sure I will listen to more songs by them in the future.

I must admit that I never really knew that Calvin Harris existed, but as I said, I will hopefully get the chance to listen to more songs by him.

# Heat Waves

by Niklas Puchner

**Artist:** Glass Animals  
**Song title:** Heat Waves  
**Musical style:** Indie Pop  
**My favourite verse:** *"Sometimes all I think about is you  
Late nights in the middle of June"*

I have chosen "Heat Waves" because it's the best English song I've ever heard. It is about a man thinking about his girlfriend that is gone. The song was released in 2020 and reached number 1 on the charts. I first heard it on Spotify in January 2022.

The name of the band is *Glass Animals*, and they play the guitar, the drums and the keyboard.

The song has got a very strong rhythm and tremendous power. It has a catchy tune and deals with the topic of love and loss. The lyrics are really well-written but they don't rhyme (for example: June, you). However, they are meaningful and make you think.

The thing I like the most is the background of the music video. The video shows a street in England. A man is walking down the street, pulling a cart with some TV sets on it.

I am really fond of this song because it reminds me of Great Britain. I haven't been there yet, but I'd like to travel there one day.

# Everything I Wanted

by Nina Schachinger

**Artist:** Billie Eilish O'Connell and Finneas O'Connell

**Song title:** Everything I Wanted

**Musical style:** Pop

**My favourite verse:** *"If I knew it all then, would I do it again?  
Would I do it again?"*

I have chosen "Everything I Wanted" because I really like Billie Eilish and her music. It was released in 2019. In this song Billie and her brother Finneas sing about themselves and their relationship as siblings. The song has got meaningful lyrics that make you think. I also like the way the artists sing. In my

opinion, Billie has got a very beautiful voice.

I first heard this song when I was eleven. "Everything I Wanted" is also the favourite song of my cousin. She played the song to me when I wanted to know what her favourite music was.

I often listen to this song or other songs by Billie Eilish when I go by bus or when I cannot sleep at night. Her music helps me to calm down and relax.

I also fancy rap music, but I chose this pop song for our class project because the lyrics are meaningful and the vocals are brilliant.

# Shut Up And Dance

by Laura Sklenicka

**Artist:** Walk The Moon  
**Song title:** Shut Up And Dance  
**Musical style:** Pop rock  
**My favourite verse:** *"I said you're holding back  
She said shut up and dance with me"*

I have chosen "Shut Up And Dance" because it makes me happy and puts me in a good mood. The song is based on an experience the lead singer had. He once was in a night club in Los Angeles, feeling a bit frustrated. His girlfriend invited him to

dance, calling out "Shut up and dance", which inspired the title of the song. The lyrics are about having fun and letting go of frustration.

I really like this song. It reminds me of parties, for example at the skiing course or the English camp. I danced and sang along to this song with my friends. I think *Walk The Moon* are a very talented band because all their songs are great. The band consists of four main members. Nicholas Petricca is the lead singer, Kevin Ray and Eli Maiman are the guitarists and Sean Waugamon is the drummer.

"Shut Up And Dance" was released in 2014 and is one of the biggest hits by *Walk The Moon*, but it is not their only one. "Anna Sun" and "One Foot" are two other highly successful hits. "Anna Sun" was released in 2012 and "One Foot" was released in 2017.

# Riptide

by Svenja Weberberger

**Artist:** Vance Joy

**Song title:** Riptide

**Musical style:** Indie

**My favourite verse:** *"Lady, running down to the Riptide  
Taken away to the dark side  
I wanna be your left-hand man"*

I have chosen this song because it is my favourite English song. It has got a very catchy tune and a wonderful melody. In my opinion, the singer has got a beautiful and sensational voice.

I love the way Vance Joy sings. My friends and I always listen to this song together. What I like best are the melody and the rhythm of the song. Whenever I hear this song, it makes me happier!

The song deals with the topic of love. Also, the artist wants to say that we shouldn't be shy but go out into the world in a good mood. The lyrics are meaningful, but to be honest, I don't really care about the words in a song. To me, the most important thing in a song are a good tune and a strong beat.

"Riptide" reminds me of summer, sunny weather and travelling, because I listened to it endlessly in my summer holidays. And even now, I still listen to it every day on my phone! So far, I haven't found a song that is as good as this one. I love all songs by Vance Joy, but "Riptide" is the best song of all, and it is also his most popular song. The vocals are brilliant and the lyrics are thought-provoking.

# This Is Me

by Pia Zwettler

**Artist:** Keala Settle

**Song title:** This Is Me

**Musical style:** Pop

**My favourite verse:** *"I am brave, I am bruised, I am who I'm meant to be  
This is me  
Look out 'cause here I come  
And I'm marching on to the beat I drum  
I'm not scared to be seen  
I make no apologies, this is me"*

I chose this song because I really like the vocals together with the tune. The singer, Keala Settle, has got a brilliant voice, and she sings with a lot of emotion. I think the lyrics of this song are just beautiful, and the message behind the words is great.

It is a song about self-confidence, power, and strength. I think what the singer wants to say is that we should love ourselves the way we are and sometimes we simply have to be strong.

The song gives me a lot of energy. I often listen to it when I think I cannot do something, like a particular piece of homework.

"This Is Me" is a song from a movie called *The Greatest Showman*. I discovered this song through my older sister Hanna, and she likes this song too.

I love music and listen to it every day, and "This Is Me" is definitely one of my favourite songs.
